

# The Nature of Mathematics #BiolaMath 💿 🈏 MATH 120 – Spring 2019 Syllabus Summary

Class web site: <u>http://math.biola.edu/math120</u> (Syllabus and general info) Canvas site: <u>http://canvas.biola.edu</u> (Online grades, HW, and guizzes)

The class web site will have information and instructions, with links to other things you need. I will also use your **(a)** biola.edu email as a way of sending class announcements and reminders.

### My contact information:

By e-mail:	Matthew.Weathers@biola.edu
By Phone:	Cell phone: (562) 322-7427 (OK to text/call 24hrs, I silence it when busy/asleep)
	Biola ext. 3277 or (562) 944-0351, ext. 3277 (My Biola office)
	Math Dept. secretary: Jerrianne Smith, Biola ext. 4741 or (562) 903-4741
Offices:	Math Department, Lim Science Building #141. My office is in Grove #10.

Lectures: Tuesday/Thursday, 1:30 – 2:45 p.m.; Business building room 109 (Moats Auditorium)

My goals: By the end of the semester, I hope to teach you:

- 1. An appreciation for the elegance and beauty of mathematics.
- 2. Some fundamental concepts in various branches of mathematics.
- 3. An introduction to some core quantitative reasoning skills.
- 4. To appreciate the historical and conceptual development of mathematics by studying some broad aspects of its history.
- 5. To gain insight into how mathematics interacts with philosophy and theology, as well as some other disciplines such as art, literature, science, behavioral economics, and astronomy.

# **Grading Scale**

- 25% Homework (23 Assignments).
- 8% Quizzes/Participation (19 throughout the semester; I drop the lowest 3).
- 7% Online Group Discussions (7 throughout the semester; about every other week)
- 10% Paper on the 80-page novel *Flatland* (700-900 words), due March 26. Or: Creative Option – more details on Canvas.
- 50% Test 1, Chapters 1-6, February 5. *Best three test scores out of four.* Test 2, Chapters 8-11,13, February 28.
  - Test 3, Chapters 14-19, April 11.
  - Test 4, Chapters 21-26, May 7, 12:30-2:30 p.m.

(See <u>http://studenthub.biola.edu/finals</u> for Final Exam Week schedule.)

I will drop your lowest test score. These tests are not cumulative; I will not give you a cumulative final exam. Test 4 will take place during finals week, but will count the same as the other tests. See the schedule on page 3 for due dates of the 23 homework assignments. Homework turned in late but before the next test is 20% off. No homework accepted after day of test for those chapters. There is a 10% penalty for each day late for the *Flatland* paper.

Full Syllabus: This is just a summary – see Canvas for an <u>online copy</u> of the official, full syllabus.

#### Required Texts: (These are both also available online for free)

Drawn to Infinity Coursepack written by Walt Stangl and Dave Carlson. Available only in the Biola Bookstore (\$17.25), used books okay. Also on Canvas online for free in PDF format.Flatland, by Edwin A. Abbott, a short novel available free online (Or \$3.29 in the bookstore.)

Week	Tuesday	Thursday		
1	Jan 15 – Lecture Ch 1	Jan 17 – Lecture Ch 2		
2	Jan 22 – Lecture Ch 3	Jan 24 – Lecture Ch 4		
3	Jan 29 – Lecture Ch 5	Jan 31 – Lecture Ch 6, QR-A		
4	Feb 5 – TEST 1 (Ch 1 – 6)	Feb 7 – Lecture Ch 8		
5	Feb 12 – Lecture Ch 9	Feb 14 – Lecture Ch 10		
6	Feb 19 – Lecture Ch 11	Feb 21 – Ch 13, QR-B		
7	Feb 26 – More Ch 13, Review	Feb 28 – TEST 2(Ch 8–11,13)		
<b>Spring Break March 2 – 10, 2019</b>				
8	Mar 12 – Lecture Ch 14	Mar 14 – Lecture Ch 16		
9	Mar 19 – Lecture Ch 15	Missions Conf March 20 – 22		
10	Mar 26 – Ch 17 – <b>Paper Due</b>	Mar 28 – Lecture Ch 18		
11	April 2 – Lecture QR-C	April 4 – Ch 19		
12	April 9 – Review	April 11 – TEST 3 (Ch 14–19)		
13	April 16 – Lecture Ch 22	April 18 – Lecture Ch 23		
14	April 23 – Lecture Ch 24	April 25 – Lecture Ch 25		
15	April 30 – Lecture Ch 26	May 2 – Lecture Ch 21		
Finals	May 7 – Test 4 (Ch 21-26), Tue	sday, 12:30 p.m.		

#### Calendar of Lectures and Tests: (*Not Homework Due Dates*)

Final exam schedule: http://studenthub.biola.edu/finals or see your schedule on myaccount.biola.edu

Homework: Write your name and chapter number legibly. Staple pages together, or write your name on each sheet. Do not staple multiple chapters together. Show your work when you can. Some answers are in the book for your reference, but you will not get credit for just copying the answers. Draw a box around each answer. Left edge of paper should be straight (no ragged edges from notebook). Some homework will be turned in electronically, on Canvas.

**During Tests:** You may use a calculator, but not a cell phone calculator. No music. Tests are a mix of multiple-choice, fill in the blank and short problems. They last 75 minutes, and have about 45 questions. See Appendix 4 in the coursepack textbook for sample questions. Make-up tests are online.

**Biola's Official** <u>Academic Honesty Policy</u>: We are committed at Biola University to ethical practice in teaching, scholarship, and service. As such, plagiarism and other forms of academic dishonesty will not be tolerated. Please see the undergraduate/graduate student handbook and/or the departmental / program / school policy on academic honesty. It is imperative that you present all written, oral, and/or performed work with a clear indication of the source of that work. If it is completely your own, you are encouraged to present it as such, taking pleasure in ownership of your own created work. However, it is also imperative that you give full credit to any and all others whose work you have included in your presentation via paraphrase, direct quotation, and/or performance, citing the name(s) or the author(s) / creator(s) and the source of the work with appropriate bibliographic information. To do otherwise is to put oneself in jeopardy of being sanctioned for an act or acts of plagiarism that can carry serious consequences up to and including expulsion from the university.

# Homework Due Dates & Point Values

You can use this schedule to help yourself keep track of when homework and online discussions are due. I recommend putting these dates, the test dates, and the paper due date on your calendar.

	Chapter	Due Date	Point	ts		Online
	1	Jan 17 Online	15	Green: Submit answers		Discussion
	2	Jan 22	14	online on Canvas		Due Dates
	3	Jan 24 Online	9			Introductions
Test 1	4	Jan 29	11	Yellow: Turn in paper		First Post - Jan 17
	5	Jan 31	10	copy in class.		Discussion #1
	6	Eab 05	9			Initial Post - Jan 24
	QR-A	Feb 05	7	Last Day to turn in any lat	е	Responses - Jan 26
	8	Feb 12	12	homework, Ch 1-6 is Feb	5	Discussion #2
	9	Feb 14 Online	15			Initial Post - Feb 7
Test 2	10	Feb 19	16			Responses - Feb 9
	11	Feb 21	14			Discussion #3
	QR-B	Feb 26 Online	6	Last Day to turn in any lat	е	Initial Post - Feb 21
	13	Feb 28	12	homework, Ch 8-11,13 is	Feb 28	Responses - Feb 23
	14	Mar 14 Online	15			Discussion #4
	16	Paper Due Mar	26			Initial Post - Mar 14
	15	Mar 26 Online	11			Responses - Mar 16
Test 3	17	Mar 28 Online	16			Discussion #5
	18	Apr 02 Online	12			Initial Post - Apr 4
	19	No Homewor	k	Last Day to turn in any lat	е	Responses - Apr 6
	QR-C	Apr 09	21	homework, Ch 14-18 is Ap	or 11	Discussion #6
	21	No Homewor	k			Initial Post - Apr 18
	22	Apr 18 Online	14			Responses - Apr 20
Test 4	23	Apr 23 Online	12			Optional Makeup #7
	24	Apr 25 Online	13			Initial Post - May 7
	25	Apr 30	21	Last Day to turn in any lat	е	
	26	May 02 Online	15	homework, Ch 21-26 is Ma	ay 7	

If you turn in a homework assignment late, there is a 20% penalty. You cannot turn in a homework assignment after the day of the test for that section. However, I will not take 20% off for the first two assignments you turn in late during the semester, just as long as it is still before you take the test.

About half of the homework assignments are listed as "Online" assignments. Do the homework on paper, as usual, but don't turn in the paper. Instead, type in your answers on Canvas. You will be able to see your grade immediately (and re-do for more points). For non-online homework, turn in your homework on paper, and we will grade it and within a week or two; you will see your score on Canvas.

There are about 19 **Quizzes** but I will drop your 3 lowest scores. This is how I track attendance. (You must attend the entire 75-min class period to get credit). Most quizzes will be via cell phone text messages, so you may want to store this number in your cell phone: **Math 120 Quiz # (562) 379-3325** (I will have a paper option if do not have a phone or you cannot text.)

**Students desiring accommodations** on the basis of physical, learning, or psychological disability please contact the <u>Learning Center</u> (x4542) located in room U137, on the upper level of the library.

The Nature of Mathematics (MATH 120) Syllabus - Biola University - Spring 2019 - Page 3 of 4

The Flatland Paper is worth 10% of the grade. See Canvas for full assignment prompt.

This paper should be **between 700 and 900** words long, and is due **March 26, 2019** preferably by the time of class but uploaded by 11:59 p.m. is not considered late. You can buy a copy of *Flatland* at the Biola Bookstore for \$3.31 (price includes tax), or you can read it online for free at: <u>http://www.geom.uiuc.edu/~banchoff/Flatland</u>

**To Turn In:** Turn this in through the Canvas system. If you use Microsoft Word, you can upload the Word document as-is. If you use any other word processor, do **Save As** and choose **Word format** or **PDF format**, and upload that version. <u>I don't want a paper copy</u>.

Online Group Discussions: Since we have a large class, it's hard for everyone to get a chance to contribute to the discussion, so we will do discussion online, on Canvas. You are in a group with 8 or 9 others. Answer the discussion prompt with a paragraph or two (about 200 words). The purpose of these discussions is to help you learn from each other and to give you a chance to think through some of the issues discussed in the lectures. Your initial post is due by 11:59 p.m. on the due date (Jan 18, Jan 25, Feb 8, Feb 22, Mar 15, Apr 5, and April 17) You are then required to respond to at least two posts from others by 11:59 p.m., two days later. These responses don't have to be long - maybe a sentence or two. However, they should be more substantial than "I agree!" or "Good post." Your responses should contribute to the discussion. Feel free to bring up other topics, or links to relevant content - whatever you think contributes to the discussion. These are worth 8% of your grade.

#### **Final Semester Letter Grade**

Your final letter grade will be determined by a weighted percentage, which you can <u>check here</u> on Canvas. This chart shows your final semester letter grade based on the percent you earn:

To get this grade	rou neeu tins percent	
А	93%	
A-	90%	
B+	87%	
В	83%	
В-	80%	
C+	77%	
С	73%	
C-	70%	
D+	67%	
D	63%	
D-	60%	
F	59.9%	

# To get this grade You need this percent

**Extended Absences:** The <u>student handbook</u> says that "students who miss more than 20% of regular class sessions (even if absences are considered 'excusable') may be required to drop the course." If you miss **more than four weeks' worth of classes** (8 quizzes), you will earn a failing grade of "**UW**" – Unofficial Withdrawal. Learning to consistently attend is an important part of class.

**Homework extensions.** I cannot grant any kind of homework extension beyond the day of the final exam, May 7, 2019. According to the <u>faculty handbook</u>, "All assignments must be in by the time of the final examination unless the Office of the Dean of Student Development or the dean of the instructional school has in advance granted an extension of time for some valid reason." (Ask about "**Report Delay**")
